JOURNAL OF SUSTAINABLE DIGITAL FUTURES

Year: 2025 - Volume: 1 - Issue: 2

Journal of Sustainable Digital Futures (JSDF) accepts theoretical and applied scientific / original articles prepared in the field of social sciences, especially business management and economics. Our journal is a scientific and peer-reviewed journal that publishes national and international academic studies. The language of publication is English. Published two times a year (June, December). No fee is charged from the authors for the publication of their work. In addition, no fees are paid to authors and referees. Administrative, legal, ethical, etc. of the published articles. responsibilities belong to the author (s). All studies are subjected to a pre-check process with the "Turnitin" plagiarism program. Blind referee system (at least two) is applied in the evaluation process of our journal. The language of the publication is English. Articles are all open-access

Publication Ethics

- ✓ Journal of Sustainable Digital Futures (JSDF) follows the main principles of COPE (Committee on Publication Ethics). Journal is against all forms of plagiarism or unethical act of copyright. Authors should observe high standards with respect to publication ethics as set out by the Committee on Publication Ethics (COPE).
- ✓ Falsification or fabrication of data, plagiarism, including duplicate publication of the authors' own work without proper citation, and misappropriation of the work are all unacceptable practices. Any cases of ethical misconduct are treated very seriously and will be dealt with in accordance with the COPE guidelines.
- ✓ All authors listed on the manuscript should have contributed significantly to the experimental design, its implementation, or analysis and interpretation of the data. All authors should have been involved in the writing of the manuscript at draft and any revision stages, and have read and approved the final version. Anyone who made major contributions to the writing of the manuscript should be listed as an author (e.g. "ghost writing" is prohibited by the Journal). Persons who do not make intellectual contributions to the content in the creation of the article should not be mentioned as author(s).
- ✓ The raw data of the articles in the framework of the evaluation process can be requested from the author(s). In such a case, the authors should be prepared to submit the expected data and information to the editorial board and the scientific committee.
- ✓ By submitting your manuscript to the journal it is understood that this it is an original manuscript and is unpublished work and is not under consideration elsewhere.
- ✓ Plagiarism, including duplicate publication of the author's own work, in whole or in part without proper citation is not tolerated by the journal. Manuscripts submitted to the journal is checked for originality using anti-plagiarism software.
- ✓ All authors who submit their manuscripts to the Journal of Sustainable Digital Futures (JSDF) are expected to comply with the ethical standards of reference. It is the responsibility of the author (s) to give references in accordance with the sources used in the article.
